5931 Valkeith Drive

Houston

TX 77096

USA

Profile:

I am seeking a position to demonstrate my mobile development skills and my abilities to bring a mobile application to market efficiently and productively. I am a client-facing mobile software developer with experience working on a large variety of personal and professional projects. My primary goal in every project I have taken on has been to get the job done, and to get it done correctly. My professional experience is deeply focused in Objective-C, bringing iOS applications to devices. Scholastically and otherwise, I have also worked with C++, Python, and a little bit of Java, while starting to expose myself to database technologies as well, to round out my skill-set. I obsessively stay up to date with industry trends, and I make every attempt to keep my code up to latest conventions. I also have a background in Sales, which has given me the ability to communicate well with other team members, and step into either a follower or leader role, depending on the situation.

Technical Skills (most-experienced to least experienced)

Languages: Objective-C, C/C++, C#, Python, Java

Databases: PostgreSQL, MySQL, Hadoop

Development Software: XCode, TextWrangler, Coda, IntelliJ CE, Photoshop CS6, IDLE

Technologies: Parsing JSON, XML, and WSDL files, AFNetworking, RestKit, ShinobiControls Suite, RESTful Web Services, Ad-Hoc iOS App Distribution, SOAP Web Services, CocoaPods, XSD/e, WSDL2OBJC

Servers: Mac OS X Server, Apache, Tomcat

Platforms: Mac OS X, Windows, Unix

Cloud Services: Parse, GitHub, JIRA, Scrummy, SmartGit

Other Skills

Native English speaker, able to hold conversations in Spanish. Well versed in SCRUM and Agile methodologies for managing software development life cycles. Excellent customer service skills, able to multitask and prioritize objectives based on immediate and long-term need. Strong team player, with demonstrated ability to serve in leadership role. Experience with training and helping others to understand technical concepts in an engaging and organized manner.

App Store Portfolio & Code Samples

- Cantor Fantasy by Cantor Data Services, LLC <https://appsto.re/us/yIMrJ.i>
- CX Practice by Cantor Futures Exchange, L.P. <https://appsto.re/us/WF6NJ.i>

Education

- **2010-2011 University of Phoenix, Houston Texas**
Degree: MBA Technology Management, 3.77 GPA
- **2004-2008 University of Dallas, Irving, Texas**
Degree: BA, Physics

Employment History

Unbounded Solutions, Atlanta, GA, USA

August 2012-Present

iOS Consultant (Devon Energy, Oklahoma City, OK, USA)

April 2013-Present

- Worked on multiple mobile applications for the enterprise program of a large Oil & Gas company
- Participated in SCRUM meetings to complete applications from end to end
- Used Atlassian products to heavily manage Git repositories and heavy branching
- Used multiple libraries (3rd-party, custom) to create smooth UI experience
- Converted all projects from manual retain-release and Obj-C++ to ARC and native Obj-C
- Wrote all UI components strictly from code without Interface Builder

iOS Consultant (Cantor Gaming, Boston, MA, USA)

August 2012-March 2013

- Worked on two mobile applications currently on the App Store
- Used 3rd-party APIs/libraries (WSDL2OBJC, XSD/e) to parse XML into required app data
- Used storyboards and Interface Builder with Photoshop to create UI
- Worked as integral member of SCRUM team to deliver products on time during sprints

Robert Half Technology, Houston, TX, USA

Account Executive

February 2012-May 2012

- Worked as account executive for consulting services division of worldwide staffing company.
- Developed relationships with IT hiring managers in greater Houston area.
- Met with clients to assess contract IT needs on a case-by-case basis.

Apollo Group, University of Phoenix, Houston, TX, USA

Enrollment Advisor

May 2009 - February 2012

- Recruited students into University of Phoenix programs.
- Advised students in the areas of finance and academic schedules.
- Known on my team as the IT expert. Teammates sought my help to build spreadsheets, program or advise on technical issues with students.
- Tutored struggling College Algebra 2 students to pass the course without exception.

Cbeyond Inc., Houston, TX, USA

Sales Executive

June 2008 — May 2009

- Worked as a B2B outside salesperson.
- Sold VoIP telecommunications, specializing in SecureIP digital systems.
- Sold mobile BlackBerry devices packaged with business systems.

University of Dallas, Irving, TX, USA

Physics Lab Assistant

January 2006 — May 2008

- While in school, managed a General Physics II lab.
- Conducted lab experiments and calibrated instruments during assigned time.
- Assisted students with experiments, examinations, and individual tutoring sessions.
- Graded students' lab write-ups and collection of experimental data.

Interests

- Member of Project Management Institute, Houston Chapter as of November 2011.
- Member of Society of Physics Students, UD Chapter – served as Treasurer from 2006-07, and Vice President from 2007-08.
- Musician – experienced in guitar, singing, drums, and electronic production.
